RELEASE \$1,600 PRIZE FISH SUNDAY

HOLD OPENING OF YOUTH HOSTEL AT ROBERT'S RESORT

Twenty-four guests on first night; local hostel mentioned in broadcast

The Antioch Youth Hostel located at the Bert Roberts Resort on Lake Marie, had its informal opening on Friday and Saturday, May 13 and 14, when groups led by field workers Justia Cline of the Michigan and Illinois district and Dick Wilson of the Wisconsin and Minnesota district gathered for a working holiday.

Twenty-four young people spent Friday night at the hostel. A party of six from Milwaukee were Friday evening guests but returned to Milwaukee that same night. The evening was spent in planning, singing, and in telling travel experiences. There's always good fellowship when hostlers get together.

Chart Trails
The group had intended to spend Saturday working about the grounds and painting some of the buildings. However, due to the rainy weather, their activities were confined to cutting out and painting trail markers. Another group went out charting trails, north to Camp Lake and Lake Geneva, and south toward Duane. Back roads are used almost exclusively. Hostlers avoid the congested highways for hiking and biking.

Those present at the hostel opening were: Elmhurst, Ill.—Loretta Hayman, Mr. and Mrs. E. Stevens and daughters, Dorothy and Marilyn, Beverly and Shirley Smith, Chicago, Ill.—Bobette Turner (Miss Turner, a veteran hostler of the New England area, arrived by train Friday evening and liked out to the hostel wearing a knapsack and full hostler regalia); Villa Park, Ill.—Mr. and Mrs. J. Richard Wilson, Marjorie and Eleanor, Lillie and Sally Zeeman; Saline, Mich.—Justin G. Cline; Racine, Wis.—Amelia Boticki, Virginia Anderson, Fred Krenke, Harold Gattie, Sherwood Swan, Geo. T. Colman; Trafalgar, Indiana—Marion Savin; Edinburg, Ind.—Marie Hardin; Miles City, Montana—Jack (continued on page 5)

ANTIOCH ACES TO PLAY ALL-NATIONS TEAM IN OPENING GAME SUNDAY

Team will appear in new uniforms supplied by Merchants

Attired in brand new uniforms, the Antioch Aces will cross bats with Dr. King's All-Nation colored team from North Chicago in the season's opening ball game here Sunday afternoon at 2:30 o'clock at the high school athletic field. The All-Nations have been worthy opponents of the pick of Lake County teams and always put up a fine brand of ball.

The new uniforms for the Aces were donated by the following firms: Antioch Lumber and Coal Co., Otto Klass Store, R. & H. Chevrolet Sales, Bob Mann, Shield of Quality Store, Bernie's Tavern, The Roundup, Antioch Packing House, and Baethke's Barber Shop.

Members of last year's team who will be in the lineup Sunday are: Jack Crandall, shortstop; Doc Koehn, pitcher and left field; "Gum" Boyva, right field and pitcher; Jack Effinger, first base; Howard Wells, second base; Bernie Schneider, catcher; Lou Lasco, center field; Ollie Haghes, left field. Doc Koehn and Jack Crandall have been elected as booking agents for games and Oliver Hughes has been selected as playing manager.

"Play Ball!"

4-H Girls Choose Name for Club

"Antioch Sewing Aces" is the new name of the local 4-H girls club, it was decided at a meeting held at the high school Saturday evening.

Plans were made to divide the club into two groups with Mrs. Rafter and Pearl Edwards as leaders. Meetings will be held every Thursday evening during the summer months. Progress has been made on the dresses the girls are making.

Plan Memorial Day Service Here

Headed by the Antioch American Legion post and in co-operation with the Daughters of the G. A. R. and other organizations, Antioch will pay tribute to the soldier dead of this community on Memorial Day, May 30.

Under the direction of Past Commander O. S. Klass and Commander A. Mapthorpe of the firing squad, who are in charge of the arrangements for the Memorial Day observance here, plans were being completed this week to have appropriate services and a good speaker for the occasion. Graves of veterans of all wars are being marked for identification in all cemeteries in the township.

Other organizations besides the Legion and the D. G. A. R. that are expected to take part in the day's activities include the D. A. R., Legion Auxiliary, Antioch Fire Department, Girl Scouts, Boy Scouts, Sons of Legion and the Antioch Township High School band.

The Legion Firing Squad will wear their new uniforms for the first time on this day.

ANTIOCH WILL HONOR WORLD WAR DEAD ON POPPY DAY, MAY 28

Legion Auxiliary Will Sell Flowers for Veterans and Families

Antioch will pay honor to the World War dead Saturday, May 28th by wearing the little red poppy of Poppies Fields. Poppies will be distributed on the streets by members of the American Legion Auxiliary assisted by other volunteers.

The day is the approximate twentieth anniversary of the beginning of large scale participation of American troops in the World War. Mrs. E. C. Pitman, the Auxiliary's Poppy Day chairman, pointed out. From May until November, 1918, constantly increasing American forces were in action and more than 50,000 young Americans were killed on the poppy-studded fields of France and Belgium.

Early Saturday morning, the Poppy Day forces of the American Legion Auxiliary will go into action, offering paper replicas of the wild poppies of France and Belgium to be worn in tribute to the war dead. No price will be asked for the flowers, but contributions will be received to help support the Legion and Auxiliary work for the disabled veterans, their families and the families of the dead.

Antioch PTA to Hold Final Card Party at Grade School Monday

The Antioch Parent-Teacher association will hold the final card party of the year at the grade school Monday night. Comprising the committee on arrangements are Mrs. L. J. Zimmerman, Mrs. Peters, Mrs. Clabaugh and Mrs. Nelle Vos. There will be tables for both auction and contract bridge and five handed, with the usual prizes for winners in each game. Refreshments will be served.

County Firemen to Elect Officers at Annual Rally

After an all day celebration on the occasion of the sixth annual convention of the Lake County Firemen's Association at Fox Lake Monday, the firefighters will assemble in the evening at the Fox Lake public school auditorium for the business session including election of officers for the coming year.

During the day more than 500 firemen are expected to attend and the event is also expected to attract an audience of 3,000 spectators. The program will open at 1 p. m. with a test run by fire trucks from Antioch, Lake Zurich, Round Lake, Grayslake, Lake and inspections are scheduled to take place at Ingleside, and the departments will then parade to Fox Lake for the water fights.

Joseph Dada of Gurnee has served as president of the association for the past two years. Other officers are Charles Nelson, American Steel and Wire Co., vice president; Norman Conrad, Waukegan, secretary; Fred Hamlin, Lake Villa, treasurer; A. F. Foss, Libertyville, sergeant-at-arms. The Antioch department members are planning to attend.

THOMAS F. HUNT, 37, VICTIM OF GAS FUMES IN CHANNEL LAKE HOME

Wife in Collapse; Pulmotor Squad Called to Aid Stricken Man

Gas fumes from a coal burning furnace last night caused the death of Thomas F. Hunt, 37, in his Channel Lake home, according to the verdict returned at the inquest held this morning by Coroner John L. Taylor at Straug's funeral home in Antioch.

Returning to their home last night at 10, Mr. and Mrs. Hunt decided to eat a light lunch before retiring. Mrs. Hunt collapsed in the basement where she had gone for a jar of fruit. Her husband, only slightly affected by the fumes at that time, carried her to the front porch where she revived. Her husband called Dr. A. P. Bratrude to attend her, and later he himself was observed to be in state of collapse. By this time Mrs. Hunt was sufficiently revived to call the inhalator squad from the Antioch Fire department. Firemen Moran, Rosing and Shultz responded and a long continued effort was made to save the stricken man's life, but efforts were unavailing and he passed away about 12 midnight.

It was learned at the inquest this morning that the furnace fire in the Hunt home had been "banked" for the day during the absence of the couple. When they returned the home was filled with the lethal fumes, a gas as deadly as carbon monoxide.

Mr. Hunt was an electrician, working in Chicago for many years and since coming to Antioch about six years ago. Mrs. Hunt is owner and manager of the store known as Mari-Anna's Dress Shop. The couple had just completed their new home at Channel Lake on Linden Lane.

Besides the wife he is survived by his parents, Thomas J. and Katherine Hunt, of Chicago; two brothers, one a twin, James, who lives in Texas, and John, of Chicago; also a sister, Mary Hunt, of Chicago.

According to funeral announcements announced today, the body will lie in state at the Straug Funeral home until Friday morning when it will be removed to 5350 W. North avenue, Chicago, and services will be held Saturday at 10:30 a. m. at St. Peter's Catholic church. Rev. Father Flaherty will say the Requiem high mass. Interment will be in Mt. Carmel cemetery.

Hastings Lake "Y" Camp to Hold Open House Sunday

Hastings Y. M. C. A. Camp for Boys will play host to an expected thousand to fifteen hundred people in their annual Open House Sunday, May 22nd. Each year, about three weeks before the opening date of Camp, the doors are thrown open wide and all visitors are invited to come and spend the day inspecting the camp property and its equipment as well as to meet the general staff, counselors and nurses.

The camp, located on the shores of Hastings Lake is about two miles west of Millburn on Illinois Route No. 45 and is operated by the Irving Park Y. M. C. A. of Chicago. This year's open house party is expected to attract innumerable families looking for a pleasant Sunday excursion as well as boys and girls anxious to get a preview of their Summer Holiday headquarters.

State Educator Speaks at Teachers and Parents Conference Here Tues.

Otis Keeler, Assistant Superintendent of Public Instruction, was the principal speaker here Tuesday at the special Parent-Teacher conference and school of instruction held at the grade schools.

Others on the program were Mrs. H. W. Kibler, state chairman of the Illinois congress of parents and teachers; Mrs. Frederic L. Holch of Glen Ellyn; Miss M. Millikan, Lake County federal recreation technician; County Supt. W. C. Petty; Principal Ralph E. Clabaugh of Antioch; and Mrs. Elmer Hunter, president of the local P. T. A. The meeting began at 9:30 and continued throughout the day. Luncheon was served by the Ladies Aid of the Methodist church.

THE BUTTERFLY CHASER

Civic Club Hears Talk By Commandant of Veterans Hospital

Group Elects Officers at Final Meeting of Season

An interesting talk on the nature and the manner of carrying on the work of mental rehabilitation among the 1200 patients at the Veterans' hospital in North Chicago was heard by members of the Men's Civic club and guests Monday night at the Methodist church dining room.

The speaker was Dr. Delmar Goode, commandant of the institution that is turning out an average of 20 patients a day. When the men, all of whom are war veterans, are discharged they are pronounced as "cured" of the mental disorder for which they were hospitalized, the speaker said, and the men are returned to their homes to become self-supporting.

Dr. Goode told of the treatments recommended for the various classes of patients suffering from varying degrees of dementia, and described the painstaking efforts of the hospital staff to rehabilitate the unfortunates. Any war veteran having need of treatment is admitted to the hospital, the speaker said, and it makes no difference whether the ailment was contracted due to military service or other cause.

Hostel Chairman Reports

H. H. Riechers, high school faculty member and chairman of the Antioch Youth Hostel committee, gave a report on the work of his committee in preparing the local hostel for use this summer for young tourists. The hostel, located at the H. S. Roberts Resort at Lake Marie, is ideal for the purpose, Mr. Riechers said. He named many articles and supplies the hostel would need this summer, and these will be forthcoming from local people and organizations, it was indicated by the response received thus far.

A sound-slide picture, "Along Main Street," was the contribution of the Coca-Cola company to the evening's program. The picture had as its theme the art of making a living in a small town.

Elect Officers

The following officers were elected for the ensuing year: President, Dr. A. P. Bratrude; vice president, Otto S. Klass; secretary, R. E. Clabaugh; treasurer, Russell Barnstable.

Twenty-five per cent of the membership was present. A quorum is 20 per cent, according to the by-laws. The retiring president is S. E. Pollock, who has been most successful in guiding the destinies of the club during the past year.

The club had its origin several years ago, when Reverend P. T. Bohl, former pastor of the Antioch M. E. church, conceived the plan of having a men's social gathering and a dinner once each month. It was named the Men's Club. Three years ago it was reorganized and renamed "The Men's Civic Club of Antioch," and the constitution declared its purpose to be "to help men apply Christian principles and ideals to social relationships, to adopt a program of community betterment, and to inspire generous and sacrificial co-operation in the interest of human brotherhood."

The club dinners will be discontinued during the summer months.

800 ATTEND SECOND ANNUAL GYM SHOW AT ANTIOCH HIGH SCHOOL

Physical Education Demonstration Is Pleasing to Spectators

Eight hundred spectators attended the Second Annual Physical Education Demonstration held in the Antioch High School gymnasium Friday afternoon and evening. The exhibit was under the direction of Miss Helen M. Olson, head of the girls' physical education department, and R. H. Childers, boys' athletic director.

Music was furnished by the high school band under the direction of Mr. Hans von Holwede.

Almost the entire student body participated in the program of thirteen events, which included group tap dancing, gymnastics, tumbling tactics, exercises, games, and marching.

"The object of the demonstration," said Miss Olson, "is to give the public an idea of what is done in the gym classes."

In the opinion of those who attended, it did just that.

Antioch Student Wins Honor Scholarship at Central YMCA College

Results of the competitive psychological examination held at Central YMCA College on May 6, which were announced today, included the name of an Antioch student on the winning list.

The fortunate student is Parker Hazen who was awarded a half-tuition scholarship for the school year 1938-39, valued at \$95.00. In the granting of the awards, both the high school record and the examination papers were taken into account.

The honor is a considerable one since 154 students representing 50 high schools and 8 junior colleges participated in the contest. Following the examinations, the contestants were taken on a tour of the college plant, shown various exhibits of student activities and laboratory work, and given a complimentary luncheon followed by an entertainment program.

Wadsworth School to Hold Open House

Wadsworth school will hold "Open House" from 2 to 5 o'clock p. m. There will be a short program, an exhibition of work, and a chance to visit with old friends.

Plan a drive for that day and make Wadsworth school your destination. Renew old friendships. We would like to see everyone who ever attended this school or taught in this district. All are welcome.

A meeting of the community council was held at the Grade school Wednesday evening.

Mrs. Fred Beers of Harvard was the guest at the home of Mrs. Ida Osmo Tuesday.

BOOSTERS LAUNCH REGION'S GREATEST SPORTING EVENT

State Officials and News-Cameramen Will Attend Contest Inaugural

LIONS LEAD MOVE TO ADVERTISE REGION

Details of Prize Fish Contest on Page 8

Everything is in readiness for launching the greatest sporting event in the history of the Chain O' Lakes region Sunday when over 100 fish tagged for prizes varying from \$200 to \$5 will be released in lakes near Antioch, aggregating \$1,600 as prize money for anglers in this locality.

But that is not all! Later the famous "Oscar" and "Fannie" will be released under the sponsorship of the Chicago Evening American, and another release of fish tagged for about \$500 in prizes will be turned loose in local lakes next month. There will be \$1,000 on "Oscar's" head, and a tag good for \$500 will be carried by his sister "Fanny."

The total prizes for the season will exceed \$3,500.00, the richest purse ever offered lucky anglers in the middle west.

Well Advertised

Heralding the event the Chicago Evening American tomorrow will carry a half page announcement and a publicity story, and in Saturday's edition the Chicago Daily News will run a large advertisement of the Antioch Lakes region depicting the many advantages offered the vacationist who elects to visit the local lakes this summer.

The largest sign ever placed by an Antioch organization is being erected by the local Lions club at the intersection of Skokie highway and Route 173. The sign directs travelers to Antioch and the big prize fish contest. Meanwhile a thousand automobiles are displaying pumper signs advertising the event.

How Fish Will Be Planted

Promptly at 10 o'clock Sunday morning the launch of the Conservation Department of the State of Illinois will start on its mission from the East Shore of Grass Lake. The boat will be laden with the valuable fish, and will be accompanied by state officials, John G. Reitz, district governor of the Lions International, organization chairman for the various lake groups, and Pres. Ed Vos of the Antioch Lions club and Dr. D. N. Deering, secretary, who have served as the "spark-plugs" in the Lions' move to put the entire region on the map as never before. Cameramen, newsmen, and newsreelers will record the event.

Dr. Deering, after conferring with the various committees, today announced the following itinerary for planting the prize fish:

Grass Lake, east shore 10:00 a. m.
Lake Killarney 10:20 a. m.
Petite Lake, Kemp's store, north 10:30 a. m.
Spring Lake 10:45 a. m.
Bluff Lake, south shore 11:00 a. m.
Lake Marie, east and north shores 11:30 a. m.
Channel Lake, southeast shore 12 noon
Catherine, northeast shore 12:30 p. m.

A flag will be raised in the Conservation launch when fish are about to be released, but not until an aerial bomb has been set off will the fish be released.

How Fish Are Tagged

Letters and figures designating the 104 prize fish will be as follows: Example—the first prize fish (\$200) for Grass Lake will be marked "G 1 8." "G" is for Grass Lake, "1" is for first prize, and "8" designates the year—1938. Likewise "M" denotes Lake Marie, "C" Channel Lake, and "A" was selected to stand for Lake Catherine. All other lakes tags bear their own initials.

How to Collect Prizes

Anglers making catches bearing the initials M, C, or A must present fish with tag intact to Paul Ferris, vice-president, or Les Crandall, president of the Channel, Catherine, Marie Prize Fish Assn. Bluff Lake catches must be presented to Fred Wohlfeil, Grass Lake road; Petite Lake symbols to Louis Kempf; Grass Lake tags to Louis Nielsen, Grass Lake road and Rt. 59. Then see Dr. D. N. Deering, Antioch, to receive award for the fish caught.

The 1938 contest closes Oct. 1.

Bread and Circuses

The season's most expensive poker game has just wound to its conclusion in the Eternal City on the Tiber. Adolf Hitler and Benito Mussolini were the players. Twenty-five million dollars was the party's cost.

Neither player is an amateur at the intricacies of diplomatic poker. It is probable that history will name neither one the winner, neither one the loser, in this outwardly friendly game in which the man from Munich sought to get the man from Forli to make a military alliance with Germany.

But Il Duce and Der Fuehrer, as everyone knows, are not overly celebrated for keeping their pledges with a contracting party.

Is there any reason to believe that debts of honor incurred during these past several days of diplomatic poker would be paid by either player? Neither Mussolini nor Hitler is quite so trusting of the other as all that! Both of them have memories long enough to recall their history lessons. In the World War, Italy knifed Germany in the back and broke her pledge to support the Hohenzollern armies, and only a few weeks ago Germany broke a tacit pledge by taking over Austria and moving the swastika down to Italy's northern frontiers.

But if the poker game itself produced nothing too spectacular, the same cannot be said of its trimming. Premier Mussolini staged a show for his guest that out-Hollywooded Hollywood, with swastikas emblazoned across the night sky in neon, fountains of fire leaping from burning urns, ancient streets swept with floodlights or flanked by torches, and with legions of helmeted lancers, the Carabinieri, the Libyan spahis on white Arabian horses, adding to the spectacle. Hitler may not have received solid German bread from his host, but he did receive a \$25,000,000 Roman carnival!

Tax Oppressed People Demand Relief

A wave of public demand is rolling up for tax revision. Especially strong is the demand for repeal or at least complete modification of those two "job-killing" taxes—the undistributed profits tax and the capital gains tax.

This tax correction is overwhelmingly approved by the nation's business leaders, economists, publicists and newspapers. The opponents of this relief are those who are apparently oblivious of the influence of unsound, punitive taxation on industrial development and employment. They stubbornly seek the retention of these taxes which have been so largely responsible for the present slump in business.

Every person in this country has a stake in this fight. Every person will be affected by its outcome. Our public servants who are courageous enough to fight for tax reform, are doing so in the interest of jobs, spending and stimulated business. They deserve the whole-hearted thanks of a tax-oppressed people.

The Lady of the House

Officially, on census report and tax return, the lady of the house is listed as just plain "housewife," but did you ever stop to think how many jobs she actually fills? In the kitchen she's a cook and dietitian, in the children's room a nurse and teacher, in the sewing room a costume designer, and in the living room an executive and interior decorator.

How does she manage to hold all those jobs? Well, she keeps informed. As cook, she reads the news and hunts for bargains in the grocery advertisements. As nurse, she scans the listed values in drugs and toilet preparations. As designer and decorator, she finds the raw material for her hands and the finished products for her house in her newspaper.

How does she find time to hold so many jobs? Well, for one thing, she's learned to buy at home. Once she had to waste time hunting for things she wanted. She had to send mail orders and take long trips to get them. But now those things come to her right here at home on the shelves and counters of local stores. The result? A saving in time and money!

Cook, nurse, teacher, mother and wife—a mighty important person this lady of the house. She's learned the tricks of her trade in the big business of running a home, tricks we might all do well to imitate—learn to buy wisely by buying at home.

Peace and Power

An eighth-grader could tell John L. Lewis and William Green that a house divided against itself cannot stand. An eighth-grader might not understand, however, that what labor's leaders apparently want is not unity at all costs, but power at any price. A very bedraggled dove of labor peace flopped almost lifelessly to the ground last week when the American Federation of Labor expelled some 1,500,000 workers in six unions affiliated with the Committee for Industrial Organization. But A. F. of L. unions will soon doubtless appear to woo those 1,500,000 wage-earners back into their camp. What began three years ago as a disagreement on craft, as opposed to industrial unions, has now fanned out into a continent-spanning labor war between two hostile competitors, each seeking to hoist its banner triumphantly over all labor's ranks. Today the struggle for peace has been abandoned for the struggle for power.

Just in order to reassure the country, President Roosevelt might give each of us that old advice, "stop and consider whether you are better off than you were a year ago."

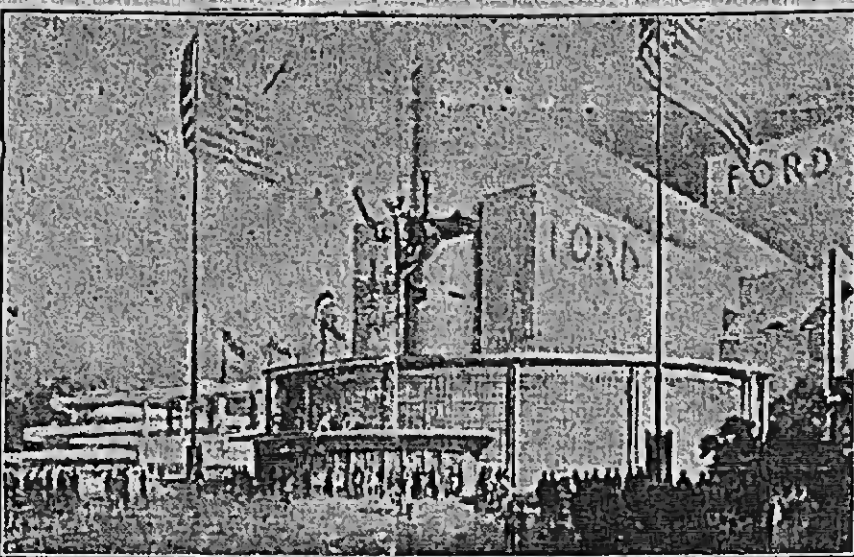

If the Wisconsin Progressives get too dangerous maybe the New Dealers can get Henry Wallace to issue an order to plow under every third political party.

When the New Dealers contemplate that new La Follette party they can recall the old Mexican military strategy, "If you can't lick 'em, join 'em."

Antioch's old grouch says if the city administration has a clean-up week and hauls off the trash there will be hardly anybody left in town.

Thirty WPA workers in Kansas recently went on strike because they were not furnished free transportation from home to work and back. Why not let them stay at home and mail their checks to them?

Ford Exhibit At New York World's Fair

THE theme of the Ford Motor Company's exhibit building at the New York World's Fair in 1939 will be prophetic of the advances America may expect in transportation in coming decades, according to an announcement by Edsel Ford, president of the company.

Based upon an exposition of the institutional character of the Ford company and the fundamental policies which have directed its growth during the past 35 years, the fair exhibit will reach its climax in "The Road of Tomorrow," an elevated highway more than half a mile long, rising upon a series of spiral ramps, traversing the borders of a patio and finally circling the main building on a deep setback at the top of the walls.

The exhibit, in four rather distinct parts, will include an entrance rotunda facing the main west gate, a spacious Manufacturing Hall, a patio, with pools, playing fountains and large rest areas, and the elevated road. From the west side

of the patio, steps will rise to a broad mezzanine. There Ford V-8 and Lincoln-Zephyr cars will load passengers for the ride over "The Road of Tomorrow."

From the loadlag platform the cars will pass to the south; enter the spiral ramps, climbing to the upper level and following the elevated highway as it passes over the mezzanine, west along the south wall of Manufacturing Hall, through a tunnel lined with photomurals; thence circling the top of the building, through a glass tunnel high in the Rotunda; down the ramp to the second level, around the patio and back to the starting point.

At night flood lighting will fall upon the cars as they circle the highway high on the walls of Manufacturing Hall, playing moving shadows on the building walls, in full sight of the whole fair grounds. The building will occupy the highest location on the grounds. It will be decorated in white, red and blue and will be floodlighted at night.

Ignorance as an Excuse
"Ignorance of the law," said Hi Ho, the sage of Chinatown. "Is no excuse. Outside the law, ignorance is made an excuse for almost anything."

Avoids Fresh Grievances
"I avoid cherishing old grievances," said Hi Ho, the sage of Chinatown. "The old ones may prevent me from giving intelligent attention to grievances yet to come."

Not an Obelisk
In spite of the designation by congress, the Washington monument is not an obelisk. An obelisk is a single stone, whereas the monument is an assembled building.

Largest Statistical Bureau
The largest statistical bureau in the world is the bureau of census at Washington, D. C.

Thickness of Whale's Skin
Whale's skin varies in thickness between two inches and two feet.

Mrs. Byron Patrick and son, Salena, called on their aunts, the Patrick sisters, Wednesday afternoon.

Mrs. William Evans and daughter, Mrs. Earl Elfers, called on the former's sisters-in-law, Mrs. Orson Boughton and Mrs. Annie Barter, at the latter's home in Kenosha on Friday.

Mr. and Mrs. Elmer Fleming spent Thursday evening with an aunt in Richmond, Illinois.

Mrs. Albert Weinholz, Mrs. Theron Hollister and daughter, Charlotte, were Kenosha visitors Saturday.

Mrs. Elmer Fleming and children spent Friday with her parents, Mr. and Mrs. Dave Elfers, in Burlington. Miss Doris Kenzler returned home with her and spent the week-end.

Mrs. Luanah Patrick and son, Milton, spent Saturday evening with her son, Byron and family, Salem.

Sunday visitors at the Fleming home were Mr. and Mrs. Richard Amos and son, of Sturtevant, Wis., Misses Ruth and May Fleming, Burlington, and Allen Baker, Lake Geneva.

Klaus Mark, daughters, Elva and Marie Mark, were in Milwaukee, Wednesday.

Mrs. Joseph Smith and Mrs. Charles Oetting accompanied Mrs. Irving Elms of Antioch to Burlington Wednesday afternoon where they attended funeral services for Mrs. Laura Holt-dorf.

Mrs. Daniel Longman and son, Russell were Silver Lake callers Tuesday afternoon.

Karl and Cymbaline Lasco, Powers Lake, were callers Tuesday at the Charles Oetting home.

Mrs. Joseph Fernandez and Miss Katherine Derler were Chicago visitors Monday.

Mrs. Alfred Dahl, son, John, and Mrs. Oetting were Racine visitors Tuesday.

William Schultz, Salem, was a Trevor caller Friday.

Sunday visitors at the Otto Liedtke home were their son-in-law and daughter, Mr. and Mrs. Joseph Getsek, and son, Joseph, Jr., Chicago; Mr. and Mrs. Louis Bollman, son Henry Bollman and lady friend.

Mrs. Ada Flood and William Grant, Cicero, Ill., spent Sunday with Mr. and Mrs. M. Johnson.

Mr. and Mrs. Alfred Dahl spent Sunday evening at the Harry Scott home in Racine in honor of their son, Jens Scott's confirmation.

Mr. and Mrs. Schultz, Salem, spent Sunday evening at the Theron Hollister home.

Mr. and Mrs. Herman Hellman, Mr. and Mrs. Henry Hellman and Mrs. Harry Dexter, Chicago, spent Sunday afternoon at the home of the latter's son and wife, Mr. and Mrs. Harry Dexter, Jr.

Alfred Dahl and son, John, were business callers in Racine Monday.

MILLBURN

Mr. and Mrs. George Achen of Kenosha and Norman Achen of Elgin were week-end guests at the E. A. Martin home.

Scott LeVoy was called to Chicago Monday by the illness of his grandson, who is seriously ill with pneumonia.

Mrs. H. M. Herrick drove to St. Olaf, Iowa, Saturday, taking her parents, Mr. and Mrs. William Carney, home after a week's visit at the Herrick home.

Mrs. Cynthia Miller and Mrs. Margaret Thorn of Gurnee spent Tuesday with Mrs. Jessie Burris at the Wm. Jones home. They also called on Mrs. C. E. Denman.

L. S. Bonner and son, Lyman, drove to Fort Atkinson, Wis., on business Tuesday.

Mr. and Mrs. Harley Clark and sons John and Glenn, with Mr. and Mrs. Turnpugh of Gurnee drove to Chicago to visit relatives Tuesday evening.

Mrs. W. M. Bonner, Mrs. Robert Bonner and Mrs. Gordon Bonner were guests for dinner at the Robert Murrie home in Russell on Thursday.

George McCredie is ill at the home of his sister, Mrs. Will Miller.

The Millburn Maidens 4-H club met at the school house on May 14th. A demonstration on "How to Insert a Zipper" was given by Clarice Minto.

Shirley Harness played a Hawaiian guitar solo. Some members cut out their projects. The next meeting will be May 28. Lois Bonner, Reporter.

Rev. Gardsmo of Round Lake Community church will address the meeting of the young people at the church Sunday evening, May 22.

Mrs. Florence Achen of Tucson, Arizona, is visiting her sister, Mrs. E. A. Martin.

The Christian Endeavor Society entertained the Young People's Christian League of Waukegan Saturday evening in the church basement.

The Parent-Teachers' meeting was held Tuesday evening. After an evening of games, a farewell gift of a table lamp was presented to Mr. and Mrs. Robert Bonner, who expect to move this summer to their new home near Kansasville, Wisconsin.

Blood Lives After Death
Tests show that human blood remains alive and germ-free for at least eight hours after death.

First Greek Letter Sorority
The first Greek letter sorority, Kappa Alpha Theta, was founded in 1870.

LAKE VILLA

Lake Villa Com. Church (M. E.)

Sunday School 10 A. M.

Worship Service 11 A. M.

The Allendale boys will be our guests at the service next Sunday and will take part in the service. All are very welcome.

Dr. A. T. Stephenson, district superintendent, will be here on Sunday afternoon, May 22, for the last quarterly conference of the year and reports of all branches of the church will be given.

Mr. and Mrs. B. J. Hooper, Mrs. J. A. Pedersen and Miss Dorothy spent last Thursday in Chicago.

The Fred Hamlin home was the scene of a happy family gathering last Sunday to honor the 79th birthday of Mrs. Hamlin's father, John Nader, and thirty-nine relatives from Chicago, Cicero, Oak Park and Lake Villa were present at the dinner Sunday afternoon and to enjoy the birthday cakes, also to wish Mr. Nader many more happy birthdays. A huge bouquet of 79 carnations was the center of the birthday gifts. It was a complete surprise to Mr. Nader. The community joins in good wishes to Mr. Nader.

Mrs. Wilkinson, a missionary who has worked in China, and her adopted Chinese daughter, Dorothy, who is a student at Northwestern University at Evanston, were guests of Rev. and Mrs. Allen at the parsonage Sunday. Miss Wilkinson told of China at the morning service.

Dance! Old time and modern dancing at Sand Lake school on May 21st. Refreshments will be served. Come and have a good time. Small admission charge.

The Royal Neighbor Officers' Club met last Wednesday afternoon with Mrs. Zelma Hucker at her home and Mrs. C. B. Hamlin was co-hostess.

This was a social meeting and five tables of 500 were played. Evelyn Fish won the grand slam prize and Mrs. Swanson, Mrs. C. Britton, Mrs. H. Culver and Mrs. P. Avery were awarded the other prizes.

The local Royal Neighbor camp held a very enjoyable meeting at the hall on Tuesday evening last week, and entertained guests from Waukegan, North Chicago and Grayslake, with members from these places filling officers' places and exemplifying the work of the order. Refreshments were served in the dining room at the close of the meeting.

Mrs. Arthur Atwell entertained a group of ladies at a "galloping" party at her home last Friday afternoon and a very pleasant time was spent.

Mrs. J. O. Hucker and J. O. Hucker, Jr., visited Mrs. Hucker's brother in Oak Park last Thursday. He has

been ill for several months.

John Nader and sister, Mrs. Rose Belek, spent Monday with their sister, Mrs. Anna Belek, at Fox River Grove.

Miss Libbie Petru of Chicago is spending the week with her cousin, Mrs. Fred Hamlin.

The Frank Galiger family has moved to Monaville and they are occupying the Sorenson house there.

Mr. and Mrs. William Nelson of Antioch spent Sunday with their parents, Mr. and Mrs. H. J. Nelson.

Carl Seeger returned home last week from the Kenosha hospital where he underwent an eye operation and is recovering nicely at his home.

Mr. and Mrs. Elmer Sheehan of Waukegan called on relatives here last Saturday.

Guests at the Thayer home last Sunday were Mr. and Mrs. Rosell Wallis of Oak Park and Mr. and Mrs. Earl Cragg of Evanston.

Mr. and Mrs. Ed Pedersen of Irving Park visited Mrs. J. A. Pedersen at her home last Tuesday.

Mrs. B. J. Hooper entertained a group of ladies at a luncheon at her home last Wednesday. The guests were members of a former club and are scattered, some living in Waukegan, Lake Forest and other places.

Mrs. J. A. Pedersen entertained relatives from Beverly Hills at her home Sunday.

Mrs. Funk is nursing an injured hand which was caught in an electric wringer.

Mrs. Mary Miller and Mrs. G. Earl Miller visited relatives in Chicago during the past week.

Tropacocaine, a Drug
Tropacocaine is a drug having the general anesthetic and mydriatic qualities of cocaine. It is an alkaloid and is extracted from a small-leaved variety of coca growing in Java.

Sunspots Recur Each 11 Years
Scientists have figured the sunspot maxima. Spots have recurred about every eleven years since their discovery by Galileo.

Jade Is Tough
While jade has a hardness of only about 6.5, it is so tough that it can withstand blows that would pulverize diamonds.

Aztec Knew Black Widow Spider
Aztec Indians of Mexico knew the poisonous black widow spider, and used an oil extracted from it in medicines.

Weight of Gold
One cubic inch of pure gold (one inch in three dimensions) weighs 0.6949 lbs. (avoirdupois) which is equivalent to 10.135 ozs. (troy).

Mistake to Work Too Fast
Jud Tunkins says it's a mistake to work too fast. In making money it's better to be a financier than a counterfeiter.

Gods of the Skier
According to the ancient sagas there are two gods of the ski, Ull and Sakda. Sakda's pace was so quick he could go over ice and snow without being seen.

Abraham Lincoln's Papers Sealed
Abraham Lincoln's White House papers will be kept sealed until July, 1947, under stipulation of their deeding by his son, Robert T. Lincoln.

Oxygen, Gaseous Element
Oxygen is a gaseous element occurring in the free state in the atmosphere. It is colorless, tasteless, odorless and chemically active.

Cockroach a Winged Insect
The cockroach is the most primitive form of winged insect.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By REV. HAROLD L. LUNDQUIST,
Dean of the Moody Bible Institute
of Chicago,
© Western Newspaper Union.

Lesson for May 22

SERVING THROUGH CHRISTIAN CITIZENSHIP

LESSON TEXT—Mark 12:13-17, 23-34.
GOLDEN TEXT—Thou shalt love thy neighbor as thyself.—Mark 12:31.
PRIMARY TOPIC—A Sermon on a Penny.
INTERMEDIATE AND SENIOR TOPIC—Loyalty to God and Country.
YOUNG PEOPLE AND ADULT TOPIC—Obligations of Christian Citizenship.

"For God and Country" is a rallying cry that well summarizes the spirit and duty of the Christian citizen. So clear and inspiring are the teachings of God's Word regarding the relationship of the Christian to his country that one marvels that national leaders who are seeking to stimulate civic loyalty do not promote a revival of the study of the Bible. Dr. Moore is right when he says, "No bad citizen is a good Christian and no good Christian is a bad citizen." The solution of our nation's problems would be a great evangelistic campaign from coast to coast. A man like Moody would then appear in his true position as a great patriot. The soul-winner would be more important than the vote-getter. Why not try it?

Our lesson presents our Lord on Tuesday of His passion week, when He met His adversaries in their cunning efforts to entrap Him in His words so that they might condemn Him. The two incidents before us have broader application than to citizenship alone, but we may well consider them in that light, for they reveal that the citizen who is right with God will be right with the nation and with his own neighbors.

I. The Christian Citizen Loves His Country. (vv. 13-17).

The Pharisees, who hated Rome for its domination of Palestine, and the Herodians, who supported Rome in its control of the land, were enemies, but they joined forces to tempt Christ. They knew that if He said "Yes" to their question the Jews would be angry, and if He said "No" He could be condemned as a traitor to Rome.

The trap was set, but it caught only the crafty hunters. Taking their own pocket money he declared that if they used Caesar's money they ought to pay taxes to Caesar. The coin stood for an orderly government, benefits of which they enjoyed and which they ought to support.

II. The Christian Citizen Loves God. (vv. 20-30).

Although this point comes second in our lesson it comes first in experience. It is the man who renders unto God the love of the heart, soul, mind, and all of his strength (v. 30) who is ready really to love his country as he should.

The scribes loved to dispute about which was the greatest of the 613 commandments which they recognized. Jesus astonished them by referring to the passage of Scripture most familiar to the Jews (Deut. 6:4, 5), which declares the unity and absolute exclusiveness of the Lord our God. It may be well for us to stress this truth even in our time, for most folk regard the worship and service of God as optional.

III. The Christian Citizen Loves His Neighbor. (vv. 31-34).

The scribe did not ask for the second commandment but Jesus presents it as an unavoidable corollary of the first. The man who really loves God will love his neighbor.

Every social injustice would be wiped out and every cause for strife removed if all men loved their fellow-man as they love themselves. Such a condition will never prevail, however, until men love God. It is too much for the flesh to put others before self. Only the grace of God is sufficient for that. Hence the real solution of the problems of capital and labor, the "haves" and the "have-nots" is to win the men and women on both sides of the struggle to a true love for God through Jesus Christ our Lord. In other words, we come again to the inevitable conclusion that what our nation needs is a revival.

Social panaceas, revolution either by force or by law, dictatorships, all these are destined to failure. Men must learn to know and love God supremely and thus come to love their neighbors as themselves.

The crossroad Sunday-school teacher, the missionary in the city slums, the preacher of the gospel, whether in the great city or on the countryside, the faithful Christian living out the love of Christ daily in kindly word and deed—these are the real forces for social as well as spiritual good. Let us do all we can to prosper their ministry!

Sufficient Unto the Day

Do not look forward to what might happen tomorrow; the same everlasting Father who cares for you today will take care of you tomorrow, and every day.

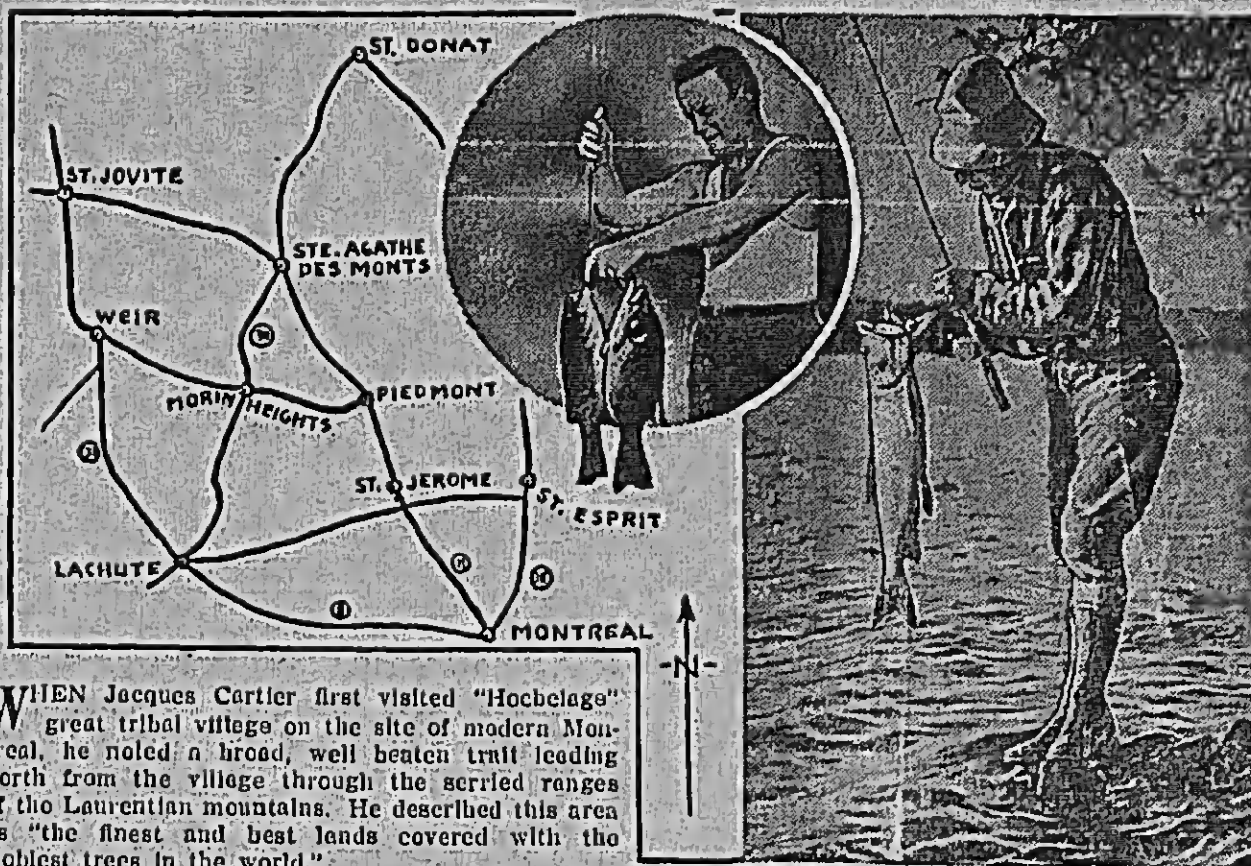

Living Wisely

Let no one think that the way to gain the next world is to despise this one.

Little Courtesies

In the stir and hurry of life how careless we are of little courtesies!

Good Fishing in Quebec's Laurentians

WHEN Jacques Cartier first visited "Hochelaga," great tribal village on the site of modern Montreal, he noted a broad, well beaten trail leading north from the village through the settled ranges of the Laurentian mountains. He described this area as "the finest and best lands covered with the noblest trees in the world."

Pioneering Frenchmen followed this path to opening the country to civilization. The posts they established along the way have grown into villages which in turn have retained the charm and quaintness of their namesake towns in France. This same trail today improved into a modern motor highway, Route 11, enables the traveler to penetrate the area for 160 miles or more. Five other main roads cross the mountains making thousands of square miles of unspoiled country accessible for vacation enjoyment.

The same sparkling lakes, hun-

dreds still unnamed, the same gurgling streams of fast water tumbling from heights to the lush green valleys below still abound in countless varieties of game fish. The same pungent odor of spruce and pine lures the sportsman and his family to linger even as it beckoned the Indian trappers and hunters of generations past. Some of the main points of interest to the sportsman are shown on the map.

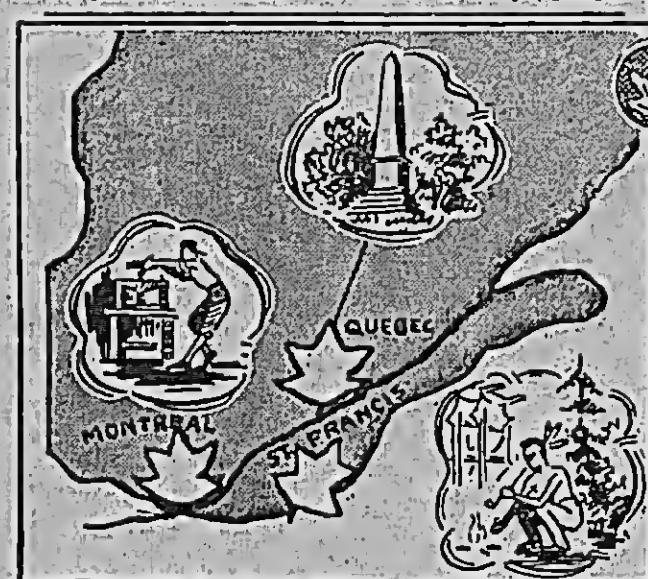

The deeper one penetrates this country, whether by motor, rail or plane, the larger the fish that can be taken. Yet within sight of Montreal are black bass fishing areas

of ranking importance. Speckled, lake and salmon trout are plentiful throughout the area. So are muskies, pickerel, white fish and others. Speckled trout fishing opens in Quebec May 1, salmon trout are taken in all months except October and November, bass fishing starts June 1 except in the Ottawa river where the season starts July 1.

At practically all points in this hospitable, historic country one may enjoy the thrill of fishing with an Indian guide, perhaps in a birch bark canoe, a guide in whose veins flows the blood of the braves who ruled before Cartier's coming.

HIGHWAYS OF HISTORY

THE Province of Quebec is frequently referred to as "the cradle of history" and while that term usually is intended to reflect upon the association of the province with the early days of Canada it applies with almost equal importance to the history of the United States. Evidence of this association with United States events is to be found at many points along the motor highways of Quebec and a few of these are illustrated in the sketch maps reproduced here. The upper right hand panel outlines the Gaspé Peninsula, now one of the favorite automobile routes on the continent. At the point which is now the Town of Gaspé, Jacques

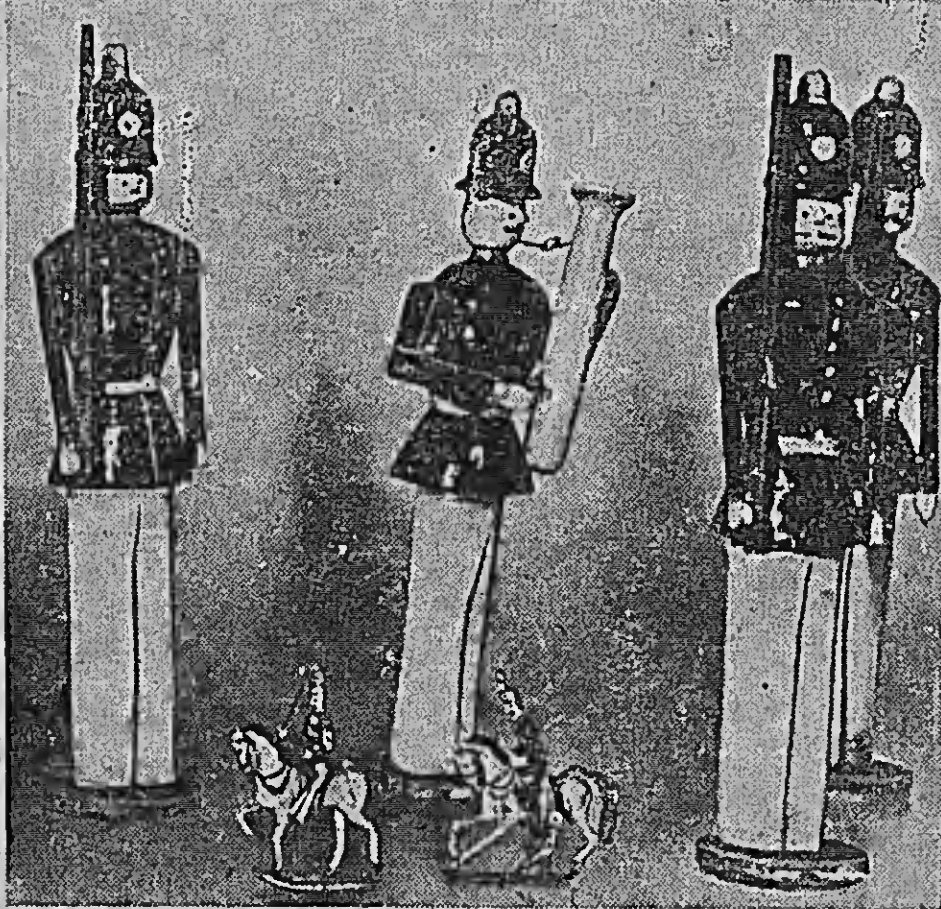

Cartier landed in the summer of 1534, the first white man to set foot on the mainland of the North American continent. In the lower panel, three points of international interest are indicated. At Montreal, Benjamin Franklin established a newspaper during the Revolution in an endeavor to win the support of the French-Canadians and while he failed, the place where he printed his paper and the paper itself are still in existence. At Quebec City stands a joint monument to Montcalm and Wolfe, opposing generals who died in the battle that decided the sovereignty of Canada and profoundly affected the future of the United States. It was upon an Indian village near St. Francis that Robert Rogers, American frontier soldier led his famous Rangers in an historic raid in 1759, one of the most stirring exploits in American military history.

"Seeing's Believing?"

WORDS & PICTURES

Around the World

By William LaVarre

Napoleon Played with Wooden Soldiers

HERE, carefully guarded by their new owners, Mr. and Mrs. DeWitt Clinton Cohen of New York, are the little toy soldiers Napoleon played with, not as a boy but as a man. They were his "pocket service soldiers" and 1,000 of them, each with a number on its hat, went with him on all his travels. Shutting himself up in a room or tent, he placed them on a map and marshaled them through intricate chess-like battles. Napoleon was a very great general but most of his accomplishments have not stood the test of time as long as his little wooden soldiers.

Eleets President Each Year

In Switzerland each year the national assembly elects a member of the federal council to serve as president. He is ineligible for a consecutive term.

Regarded Disbelievers as Witches

Almost to the Nineteenth century, a part of the Christian world, including many famous persons, still regarded disbelievers in witches as atheists, says Collier's Weekly.

WILMOT

Seventy-five eighth grade students from the schools of Kenosha county attended a visiting day and Open House at the U. F. H. School on Tuesday, County Superintendent Eggert from Kenosha was present for the day.

The students visited classes and a program was presented showing them the life and activities of the local high school.

The U. F. H. School P. T. A. met at the school Tuesday evening with an excellent attendance. The new officers were installed by Mrs. Roy Swenson. President—Mrs. Ross Schenning; Vice president—Mrs. Anton Schlax; Secretary—Thomas Duffy; Treasurer—Mrs. Martin Schenning.

A report on the activities of the P. T. A. state convention at Stevens Point was given by Mrs. Roy Swenson. Student of the high school presented the program including table setting and a dining demonstration by the twelve students from the Commercial department; a demonstration by the students from the science department and from the speech department. Several musical numbers and a short skit concluded the evening's entertainment.

Mrs. Frank Rasmussen is ill and under the care of Dr. Harris of Richmond and a trained nurse.

A group of Wilmot women held a farewell party honoring Mrs. Walter Frank at the home of Mrs. Marlin M. Schurr on Wednesday evening. Six tables of 500 were in play, and a luncheon served. Mrs. Frank was presented with lovely gifts from the group.

Mrs. Ida Schurr of West Bend is staying with Mr. and Mrs. M. M. Schurr for the week.

Clifford Rasmussen has erected a very attractive building near the P. W. A. park at the dam and is prepared to serve refreshments, rent boats and handle fishing equipment.

Mr. and Mrs. Wilbur Lewis and Laura Lee, Milwaukee, were out for the week-end with Mr. and Mrs. Frank Burroughs.

The Faulkner green house has been re-stocked and is now open for business.

Mrs. George Faulkner entertained her three cousins: Mesdames May, Fowler, of Bristol; Nancy Hanson of Wheaton, Ill.; and Kitty Constock of Chicago on Saturday.

Mr. and Mrs. Charles Olsen and daughter, Beverly, of Fort Atkinson were week-end guests at the home of Mr. and Mrs. Ray Rudolph.

Over 500 availed themselves of the opening of the fishing season and came to Wilmot to fish at the dam over Saturday night and Sunday. Five trailers were parked in the vicinity and the majority soon had their quota of fish.

There will be English services Sunday morning at the Peace Lutheran church at 9:30. Ascension Thursday, May 26, services will be in the eve-

ning, in English, at eight o'clock.

Mr. and Mrs. Frank Kruckman spent Sunday with relatives at Crystal Lake.

Mr. and Mrs. Don Herrick, Chicago and Mr. and Mrs. Russell Elwood and son, Leon Lake, spent Sunday with Mr. and Mrs. H. McDougall.

Frank Kruckman and Lester Davis drove two car loads of the Upper grade students from the Wilmot school to the Music Festival at Madison where two thousand children were entered on Saturday. Miss Margaret Cartwright, principal of the Wilmot school, accompanied the Wilmot delegation.

Mr. and Mrs. Charles Schultz have moved into the house vacated by Mr. and Mrs. Walter Frank.

The Mothers Club is sponsoring a card party at the school building on Tuesday evening. Bridge and 500 will be in play and refreshments served.

Mr. and Mrs. Arthur Fiegel and son, Jimmie, Milwaukee, spent the week-end with Rev. and Mrs. S. Jedicke.

Mr. and Mrs. Clayton Lester, Oak Park, spent Sunday with Mr. and Mrs. R. C. Shottliff and Elbert Kennedy.

The M. E. Ladies Aid is to meet at the church Thursday afternoon.

Mr. and Mrs. M. M. Schurr and family were in Milwaukee over the week-end. Mrs. Ida Schurr of West Bend, who was their guest the past week, returned home at the same time.

Grant Tyler underwent an operation at St. Catherine's hospital in Kenosha on Monday.

Union Free High School

The base ball team is holding undisputed possession of first place in the Southeastern Wisconsin Conference. Last week they met Norris Farms and Mukwonago.

The Junior Prom will be held at the gymnasium on Friday evening, May 20. A gaily festooned ship at sea has been chosen as the decorative theme by Miss Ruth Thomas, Junior Class Adviser, who, with the members of the Junior Class, is busy transforming the gymnasium into a proper background. Wave effects will be created from crepe paper, and a realistic sun-sky and lighthouse will assist with the illusion of a boat afloat. They have named their efforts Jack the Boat.

Lyle Richter, junior class president, and Marie Schafer are to lead the grand march for the annual Prom at the gymnasium Friday evening. Harvey Beaster, Senior class president, and Doris Berry will be the second couple. Music is to be furnished for the affair by Bill Benson's orchestra.

Condition of Children Good, Roundup Shows

Twenty children, 19 of pre-school age and one pupil who was not examined last year, were given a thorough physical examination at the summer round-up held yesterday at the Antioch grade school. The round-up is held every year in May and is sponsored by the Antioch Parent-Teacher association.

The children were examined for nutrition, posture and organic functioning as well as dental needs. The eye, ear, nose and throat examinations revealed a few defects, and some of the children were in need of tonsilectomies. The examining physicians and dentists made note of their recommendations on cards which were sent to the parents.

Dr. R. D. Williams, village health officer, conducted the physical examinations, Dr. L. J. Zimmerman the dental clinic, and Dr. L. F. Waldman of Waukegan gave the eye, ear, nose and throat examinations.

The general condition of the children was pronounced good. The parents are asked to take steps to remedy as many of the defects as possible before the opening of school next fall.

Mrs. G. R. Bicknell, chairman of the committee in charge of the round-up, is visiting in the East, and Mrs. Elmer Hunter, president of the P. T. A., assisted with the work yesterday.

Mrs. James Gullidge, Former Resident, Dies Saturday in Waukegan

Mary Elizabeth Gullidge, wife of James Gullidge, former resident of this vicinity, passed away Saturday noon at her home at 11 North Park Avenue, Waukegan, Illinois, after several weeks illness following a hip fracture.

Mrs. Gullidge leaves to mourn her passing her husband, James, and two sons, Elmer of Spokane, Washington, and Louis of Waukegan, four daughters, Ruby Faulkner of Gurnee, Elvia Pennington of Detroit, Michigan, Grace Griffith of Salem, Wis., and Bessie McAlister of Oakland, Oregon.

SEQUOIT STUDENTS ACTIVE IN CLOSING EVENTS OF SCHOOL

Sophomores Hosts to 8th Graders Friday

The eighth graders of the surrounding grade schools were entertained at the High School by the Sophomore class last Friday. After being tagged with cards bearing their names, they were given a test of mental ability, commonly known as an "I-Q" test. Mr. Bright discussed studies for next year and advised those who intend to go on to college what to prepare for. Their Sophomore partners showed the newcomers around the various classrooms and at 11:30 they had luncheon in the school cafeteria. After lunch, they played games in the rear of the school and attended the afternoon presentation of the gym exhibit.

Students to Present Spring Concert Sunday

On Sunday evening, May 22, the combined Antioch Grade School and High School band of sixty pieces will present a Spring concert. The setting will be the grove in back of the high school.

The a capella chorus of the high school will share the spotlight by singing negro spirituals. It will feature a chorale entitled "Sequoia" composed by Mrs. Archie Maplethorpe. The band will play marches and concert selections.

This will be the first time that the two bands have played together, and also the first time so large a group of Antioch musicians have been banded together.

The program will begin at 7:00 in the evening and everyone is invited to attend.

Senior Class Night Friday

The first Class Night since 1936 will be held in the auditorium of the Antioch Township High School on Friday, May 20, with the Senior Class in the spotlight.

Four years of work and fun will be brought to light with the Seniors cavorting about the stage in high dudgeon. The setting is a typical class meeting with the president late, as usual. The fun gets well under way when humorous events from the Freshman year are dramatized.

Parents and friends of the graduating class are particularly invited to the Class Night program.

The Baccalaureate Service will be held on Sunday evening, May 29. Rev. Allen, of Lake Villa, will deliver the address, with the Reverends Charles Henslee and Kistler assisting. The high school chorals will furnish the musical setting.

On May 31 the age-old custom of planting the ivy will be repeated.

The crowning achievement of four years will be reached on Commencement Day, June 6, when fifty-four Seniors receive their long-awaited diplomas.

Girls to Get Letters

The annual G. A. A. banquet will be held on Wednesday, May 25. At this time one Senior girl elected by the group will be awarded a Victory Trophy. The award will be based on activity and sportsmanship.

The following girls will also be awarded letters:

Elsie Craft, Mildred Van Patten, Carol Truax, Arline Krahn, Louise Mueller, Frances Beimer, Eleanor Behning, Marjorie Doolittle, Zella Ellis, Betty Hanke, Leona Hostetter, Doris Schneider, Bernice Sherman, Ellen Snyder, Lois Wilkinson, Betty Lu Williams, Ruth Turnock, Virginia Ames, Lois Craft, Phyllis Hughes, Bonnie Jensen, Janice Kapple, and Grace McCormack.

Betty Grimes and Mildred Teckert will receive their final and State award, for which 2000 points must have been gained.

Bernice Sherman is in charge of the banquet arrangements.

G. A. A. to Entertain

On Saturday the local G. A. A. group will be host to girls from eight neighboring high schools. Representatives will be present from Waukegan, Wauconda, Harvard, Barrington, Crystal Lake, Gurnee, Libertyville and Woodstock.

After registration in the morning, various groups will participate in basketball, volleyball, line soccer, and track.

A picnic lunch will follow a treasure hunt in which all the girls will take part.

Fish of Many Names

A certain fish in some states may be called a large-mouthed bass, but in other states the same fish will be called a green bass, a chub, a trout, a Welshman, a cow bass, a rock bass, a yellow bass, white bass, white salmon, and white trout. Altogether this fish is called by 40 different names.

Most Widely Inscribed Palindrome

The most widely inscribed palindrome, or phrase spelled the same backward as forward, is a Greek motto of 25 letters which means "Wash my transgressions, not only my face" and which is carved on the fountains of many Christian churches throughout the world. Collier's Weekly.

Rewarded for Outstanding Service

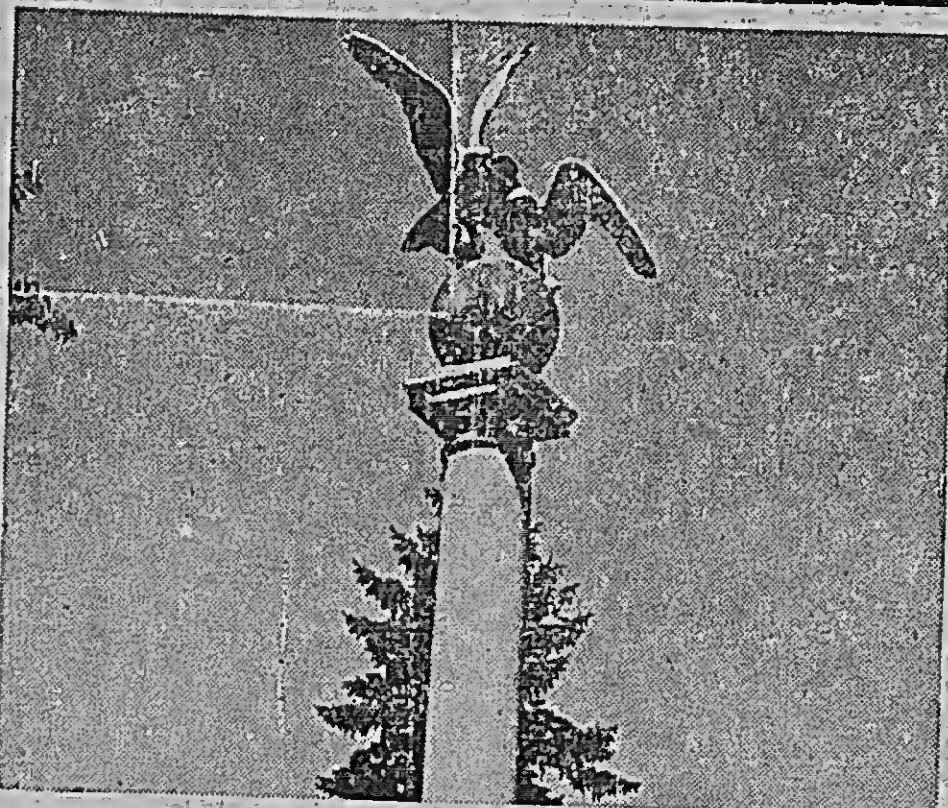

Leading members of the school safety patrol in Lake county who were awarded "Outstanding Service" medals by the Chicago Motor Club, sponsor of the patrol movement since 1922. The picture was taken at the Chicago luncheon where medals were awarded. Boys shown are, first row left to right, Francis Barnhart, Elmhurst school, Highland Park; Thomas Ehinger, Jr., West school, Waukegan; Robert Klema, Central school, North Chicago; winner of the Washington trip; Robert Sweeney, Lake Bluff school, Lake Bluff; second row: Louis Macogni, St. James school, Highwood; Robert Barney, Glen Flora school, Waukegan; J. J. Cavception school, Waukegan.

"Seeing's Believing!"

WORDS & PICTURES

Around the World

By William LaVarre

Only Monument to a Bird!

THE Mormons, when they trekked across the prairies and settled in Utah, had no sooner planted their first crops in the rich new soil on the banks of the Great Salt lake than catastrophe threatened them. A plague of crickets and locusts began marching over their fields, like a great scythe eating everything in their path. Nothing the Mormons could do had any effect on them. Then, as if in answer to their prayers, sea gulls began coming over the Rocky mountains, in bigger and higher clouds from the coast of California. The gulls swarmed down upon the insects and ate the fields clean again. Now, in Salt Lake City, stands America's only memorial to a bird, the Mormon monument to the gulls.

"Licking Cub Into Shape"

The phrase "licking a young cub into shape" may appear modern, yet a Twelfth century bestiary gives a vivid illustration of the process, for the bears' offspring are said to be born shapeless lumps, and then molded into form by their mother's tongue.

U. S. Army Officers' Insignia

A United States army general wears four silver stars, a lieutenant general three silver stars, a major general two silver stars, a brigadier general one silver star. A colonel wears a silver eagle, a lieutenant colonel a silver oak leaf, a major a gold oak leaf, a captain two silver bars.

Milk Heavier Than Cream

Milk is heavier than cream because it is composed of infinitesimal drops of oil and fat which are lighter than the remainder of the milk. The rising of cream is not at first apparent because the drops are very small and they come up slowly.

Carrying Power of Sounds

Notes of church bells can be heard clearly at 5,000 feet, and the sharp barking of a dog at 5,900 feet. A rifle shot is audible 6,000 feet, and a locomotive whistle 10,000 feet.

Kindness

"Kindness," said Uncle Eben, "is what everybody would show if nobody didn't accidentally get excited."

Boys First Phone Operators

The first operators of the telephone switchboard installed in New Haven, Conn., in 1878, were boys. Ahoy-ahoy was used instead of the customary hello.

Stone in Coronation Chair

The coronation chair in Westminster abbey incloses the stone which tradition describes as the stone on which Jacob rested his head at Bethel.

Oldest Underground Railway

The oldest underground railway in the world is the Metropolitan railway, London. It was opened in 1883 and was electrified in 1905.

Life of the Guinea Pig

The average life of the guinea pig is between four and five years, and the maximum is probably about seven years.

Iron More Elastic Than Rubber

Rheologists, those who study the flow and elasticity of matter, say that an iron bar under certain conditions is more elastic than a rubber band.

Plenty of Salt in Texas

Mineralogists say there is enough salt in Texas to give a four-horse wagon load to every man, woman and child in the state and still have plenty left.

Meaning of Non-Partisan

The accepted meaning of non-partisan is not belonging to any party or faction; an independent in politics.

THE LEGIONNAIRE

This column is written by a local Legionnaire for the purpose of presenting information to the members of the American Legion and the public in general.

Six hundred men are wanted to learn a trade. The Works Progress Administration is going to spend \$500,000 on a vocational rehabilitation project. The purpose is to teach 600 men the repairing of shoes and furniture. The work is to be done for needy veterans who need not be on relief. However, the men assigned to this work must be on P. W. A. For information see Mr. Bottomly, American Legion office, 127 N. Dearborn st., Chicago.

The veteran-made article shop in Chicago is located at 203 N. Wabash avenue. Stop and visit it the next time you are in Chicago.

A year ago at Hines hospital there were 300 on the waiting list. Today there are 700.

The Guardianship division of the Veterans' Administration has charge of 72,597 incompetent veterans and orphans.

Soldier Field will be the scene of a military show and pageant June 18-19. It is being put on to acquaint the public with the readiness of the Illinois units of the army.

The Antioch Post went over the top in membership this year, having 90 members paid up for 1938 on May 1, a record on which the officers and members who aided in the drive are to be congratulated.

Arrangements have been made for the annual festival to be held July 1, 2, 3 and 4, at the grounds now occupied by the Sinclair Oil Co., at Main and Park streets. New games and rides have been contracted for and the committee is making a special effort to have a bigger and better show this year. The grounds are furnished rent free by the owner.

Notice is hereby given to veterans holding bonus bonds that they should be cashed in for cash or postal savings bonds. None but the veteran can cash the bonds, and in the event of death they would automatically become worthless.

It is still possible for a world war veteran to take up his war risk insurance. See the service officer of your Post.

Preparations are being made for the observance of Memorial Day.

Borglum, the Sculptor

Soren Hannibal Borglum was born in Ogden, Utah, on December 22, 1888. He studied under Louis F. Rebisso in the Cincinnati Art school and under Fremiet in Paris. He took as his early subjects cowboys, Indians and other figures of Western life, notable works being his "Last Round-Up" and "Burial on the Plains." In 1911 he completed his bronze, "God's Command to Retreat," representing Napoleon on horseback. Two statues of his in stone were unveiled in 1920 in the churchyard of St. Mark's in the Bowery, New York city. He was Y. M. C. A. secretary with the French army in 1918, won the Croix de Guerre, and later was with the A. E. F. in France. He died in 1922.

YOUTH HOSTEL ---

(continued from page 1)
Wood; Visitors from Milwaukee—Frances M. Kurtze, Monica Ceynowa, Willet Zander, Archie Imig, Ade C. Jenness, Edward J. Knaak.

Hostel on Radio

At 12:15 on Saturday, radio station WBBM devoted a 15 minute program to discussion of Youth Hostels in this region. The Antioch Hostel, its location and its informal opening were mentioned in the broadcast by Mr. Stanley Clague, of the Chicago Rotary Club, which is sponsoring the establishment of hostels in this region. Mr. Clague is chairman of the Great Lakes regional committee.

Immediately following the broadcast, Mr. Clague came to Antioch to spend the afternoon with the hostellers and to partake of some famous hostel cooking. He stated that the formal opening of all hostels in this region would take place sometime in June, at which time Antioch will welcome a large group of hostellers beginning a circuit of this region. He also indicated that WBBM had promised to send out their mobile sound recording unit to record the events of the trip out, as well as the evening program at the local hostel. Many of our prominent local people will be given a chance to welcome not only the hostellers present, but others who may later hear a rebroadcast of the recording by WBBM. Before Mr. Clague had left the studio, following his Saturday broadcast, inquiries had begun to come in asking for more information about hostels and their locations.

The local committee would like to have the community cooperate in providing some materials needed. The members of the local committee are: S. E. Pollock, L. O. Bright, Dr. Bratridge, H. B. Gaston, Otto Klass, R. E. Mann, M. M. Stillson, Ed Vos, Miss Cornelia Roberts, Mrs. Nason Sibley, Mrs. Walter Hills, Mrs. E. J. Hays, Mrs. H. H. Perry, Betty Grimes, Parker Hazen, and H. H. Riechers.

Need Equipment

Things needed to better equip the hostel are:

Blankets (30 or 40); Silverware (for 30 or 40); Dishes (especially soup bowls, 30 or 40); Cooking utensils (pots and pans); Rugs (large or small, linoleum or wool); Furniture (for recreation room); Lamps, pictures, games, (wild life and outdoor pictures preferred); Piano (hostellers like to sing); Materials for outdoor fireplace (stones, cement, lime); services of a stone mason (to supervise building of fireplace); Kerosene stove; First aid kit; Kitchen sink; Picnic tables, or lumber to build same; Wire screen.

If you can supply any of these or other materials which we might be able to use, please call one of the committee members or the house parents, Mr. and Mrs. Bert Roberts.

Some Cash Contributions

Cash contributions are also acceptable and checks should be made payable to Mrs. H. H. Perry who has been appointed treasurer. Contributions have already been made as follows:

High School P. T. Forum.....\$5.00
Men's Civic Club.....\$5.00

While very little cash will be needed if materials can be supplied by persons in the community, it would be advisable to have some available in order to purchase additional items which will make our hostel homelike overnight stopping place for young people (from 4 to 24) wishing to enjoy scenic beauties of Northern Illinois and Southern Wisconsin.

The committee also wishes to invite local youth and civic organizations to make use of the hostel whenever they may wish to do so.

COMING EVENTS

Compiled by
Antioch Community Council
Mrs. M. M. Stillson,
Secretary

Tuesday, May 24—Royal Neighbors Firemen.
Wednesday, May 25—St. Ignatius' Ladies' Guild Card Party.
Thursday, May 26—Oddfellows.
Friday, May 27—Township Elementary Grade School Graduation.
Friday, May 27—American Legion Auxiliary.

LEGAL

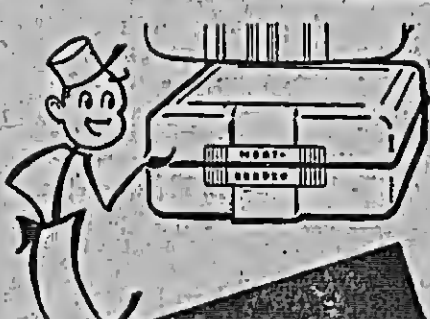

ADJUDICATION NOTICE
PUBLIC NOTICE is hereby given that the undersigned Berthold Buchholz, executor of the Estate of Sarah Agnes Lehman deceased, has fixed upon Tuesday, the 5th day of July A. D. 1938, as the return day for the hearing of all claims against the above named Estate. All persons having claims against said Estate are hereby notified and requested to attend the Probate Court of Lake County, Illinois, on said date at ten o'clock A. M. for the purpose of having said claims adjusted.

ISOLATED ISLANDS BECOME IMPORTANT

Used as Steps in Another
Trans-Pacific Airline.

Washington, D. C.—As airlines weave an air web over the Pacific, isolated islands become important land falls. Although the Samoan islands, on the United States-New Zealand route, long have been important among the Pacific possessions of the United States, Kingman Reef, like Wake Island on the San Francisco-China route, was uninhabited and of little use before it was chosen as a stop for the recent test flights of the ill-fated "Samoa Clipper."

"The new route," says the National Geographic Society, "brings the Antipodes two weeks closer to the United States. The schedule calls for a three-day jump from Honolulu to Auckland."

"Kingman Reef, 1,037 miles southwest of Honolulu, is the first stop on the 4,400 mile outward flight from Hawaii. There, a four-masted schooner, Trade Wind, serves as a floating airport. The vessel is equipped with a radio station, weather bureau, and refueling facilities. Limited land on the tiny reef leads to the possibility of mooring a floating hotel in its coral lagoon. Some high ground, however, promises eventual improvements such as a station and storehouses."

Pause at Pago Pago.

"About 1,500 miles south of Kingman Reef, propellers will pause at Pago Pago Bay, best and safest harbor in the Samoan archipelago. Pago Pago (pronounced Pango Pango) is on rugged Tutuila, one of six volcanic islands which make up American Samoa, lying east of British Samoa's chain of eight. An immense volcanic crater forms the harbor of Pago Pago. Important chiefly as a naval base, American Samoa is administered by the Navy department; the commandant of Pago Pago's naval station functions as governor. Samoan treaty of 1878 granted to the United States the right to establish at Pago Pago a coaling and supply station for her naval and commercial vessels."

"Samoans, purest of Polynesians, prove this relief station wisely chosen. Gentle-voiced and easy-living, their very characters spell out relaxation. No echo of the high-powered motor's drone is the Polynesian dialect, called the Italian of the Pacific. Since tradition names Savali, British Samoa, as dispersion center of the Polynesian race over the Pacific ocean from Hawaii to New Zealand, it is not surprising to find an excellent type in Pago Pago. Light brown of color, of splendid physique, and of regular features, they maintain mental and social standards that are high among Pacific peoples. They are simple, generous, honorable, hospitable folk, but brave fighters when necessary."

"It is natural in such a climate where wants are few that Samoans do not like to work. Their food is easily produced; breadfruit requires no cultivation; bananas, taro, and yams demand little more than planting. Pigs and chickens are raised, but reserved for banquets and festive occasions."

Fishing Is Not Work.

"Although reluctant to toil in towns and country, Samoans will paddle canoes all day while sea-fishing. The women, too, enjoy collecting clams and catching shellfish. Often the men spend a whole day spearing fish along the reefs."

"Equally enthusiastic are both men and women about song and dance. Robert Louis Stevenson described their steps as vulgar and unattractive, but the dancing is never indecent before foreigners."

"With no factories in American Samoa, the chief product and only export, copra, is prepared by the primitive but satisfactory method of spreading the coconut meat on mats in the sun to dry. Women's hands weave these mats with sword-like leaves from the pandanus plant."

"From Samoa's solitude to New Zealand's gateway and greatest city is approximately 1,800 miles on the proposed air route. Auckland is the grand entrance to a veritable treasure house of natural phenomena—spouting geysers, smoking mountains, and boiling springs of therapeutic value. Forest-clad hills, rich in timber trees and bush scenery, fringe the city's boundaries. And Auckland is the natural outlet for one of the most productive countries in the world. On the trade route of the Panama canal, it is a busy seaport with an excellent harbor."

"In 1837 the site of Auckland was but a fern-clad gully. Two years later Captain Hobson arrived, and in 1840, as governor, raised the British flag over the settlement of Auckland. Here was New Zealand's seat of government until Wellington became capital in 1864. More concerned with commerce than politics, Auckland now engages in numerous industries—shipbuilding, sugar-refining, fruit-canning, timber-converting, and the manufacture of ammunition, sashes and doors, rope, twine, pottery, brick, tile, varnish and boots."

150-Ton Signpost Erected

London.—More than 150 tons of concrete have been used to make Great Britain's largest signpost—the aerial signpost just completed in the meadows at King's Langley, Herts.

RIGHT OUT OF THE AIR

By R. F. SERVICE

Claire Trevor, who plays in "Big Town" opposite Edward G. Robinson, didn't start to take an active interest in dramatics until her collegiate days. Up to then she was a studious little girl from Larchmont, a New York suburb. However, when she did get the drama, she enrolled in New York's American Academy and began cramming in diction, posture, pantomime and the like. As a result, today at 25, she is one of radio's foremost actresses.

With the coming of spring in New York, Gabriel Heatter ignores subways, buses or cabs. Until snow flies, the host of "We the People" makes his jaunts between his apartment and the broadcasting studios on foot.

Charlie McCarthy, Edgar Bergen's dummy, is very sensitive about his inner-workings. The other Sunday night, an admirer sneaked up behind him, opened up his frock coat and peered curiously inside him. Charlie wheeled on the intruder with Bergen's help, saying in his best auld vernacular, "Is nothing sacred?"

John Scott Trotter, bandleader on Bing Crosby's Music Hall, believes "There's safety in numbers." He has carefully trained three men in the band to take over his conductor's duties in an emergency.

Jean Rogers, above, plays Elaine Darsom in the Monday night NBC serial, "Those We Love," and, with other members of the cast like Nan Grey, Donald Woods, Owen Davis, Jr., and Richard Cromwell, listens to a record of the rehearsal before broadcasting each episode to correct faults which may exist.

Colonel Lemuel Q. Stoopnagle, despite his whimsical manner, looks like a solid business man when making his Monday night broadcasts over the Yankee network. He wears horn-rimmed glasses and quiet, conservative clothes.

Radio's most perfect "fatherly voice" belongs to Bill Adams, above. He has played both George Washington, father of his country, and Franklin D. Roosevelt on the air. Now he's heard as the father in "Your Family and Mine" heard Mondays through Fridays over the NEC-Red network.

Charley Margolis, Kate Smith's bandman, uses the same trumpet he toots on the radio to wake the hired help at his poultry farm in Connecticut.

Alice Frost, star of "Big Sister," and Betty Garde of "Aunt Jenny's Real-Life Stories" over CBS, got their

English Women Skilled Weavers. The women of England were skilled in weaving fine linen as early as the Seventh century.

Hackbat, Hand Firearm. Many years ago there was a type of hand firearm called a hackbat.

Rush Hughes, who has traveled on every kind of conveyance, from camel's back to dirigible balloon, favors either an airplane or a bicycle for current trips depending on how much time he has.

Parkyakarkus still has the brown suit he wore for his first broadcast in 1923, and often wears it to rehearsals to amuse the Al Jolson cast.

Arthur Gokey, above, doesn't scorn scripts. He finds that if he has to read his material it comes over the air stilted and formal. So, on most occasions, he just writes his story punch lines on paper and makes up his anecdotes around these lines in an ad-lib manner.

Radio orchestra leaders who find one and two programs a week an exacting assignment, should inspect the record of Wilbur Hatch whose music is featured over CBS from Hollywood. Hatch provided the music on more than 500 programs during the last twelve months.

Bess Johnson, appealing star of "Hilltop House," heard over CBS, believes that, no matter how tired you are, night time is the best period for study. Bess studies her radio scripts sitting up in bed late at night, then tries, on waking up, to recite it word for word. Usually, she knows it verbatim, without a slip.

start together doing bits in a movie which starred June Collyer.

Amanda Snow, the 237-pound NBC vocalist, has taken up bowling as a hobby—but not a loose weight. As a matter of fact, she says the game causes her to work up such an appetite that she has added several pounds.

Paul Taylor, above, whose well-trained choral groups appear on Bing Crosby's Music Hall, Marion Talley's program and several other network presentations, has added a swing chorus to his growing list of vocal combinations. The swingers are featured Mondays on the NEC "Now and Then" broadcasts.

Mary Margaret McBride cheerfully admits that she is superstitious. She always knocks on wood and throws spilled salt over her shoulder, and her pocketbooks are stuffed with rabbits' feet and miniature elephants in addition to a treasured piece of amber which she used to wear around her neck.

Sybil Chinn, above, charming young organist, provides the musical background for the "Lum and Abner" sketches heard Monday, Wednesday and Friday over the Columbia network.

To Know Truth. The endeavor to know truth and to discern value is the noblest pursuit of the adult civilized intelligence.

Average Person's Steps. The average person walks 18,098 steps or 7 1/2 miles a day.

One Way To Get Up In The World

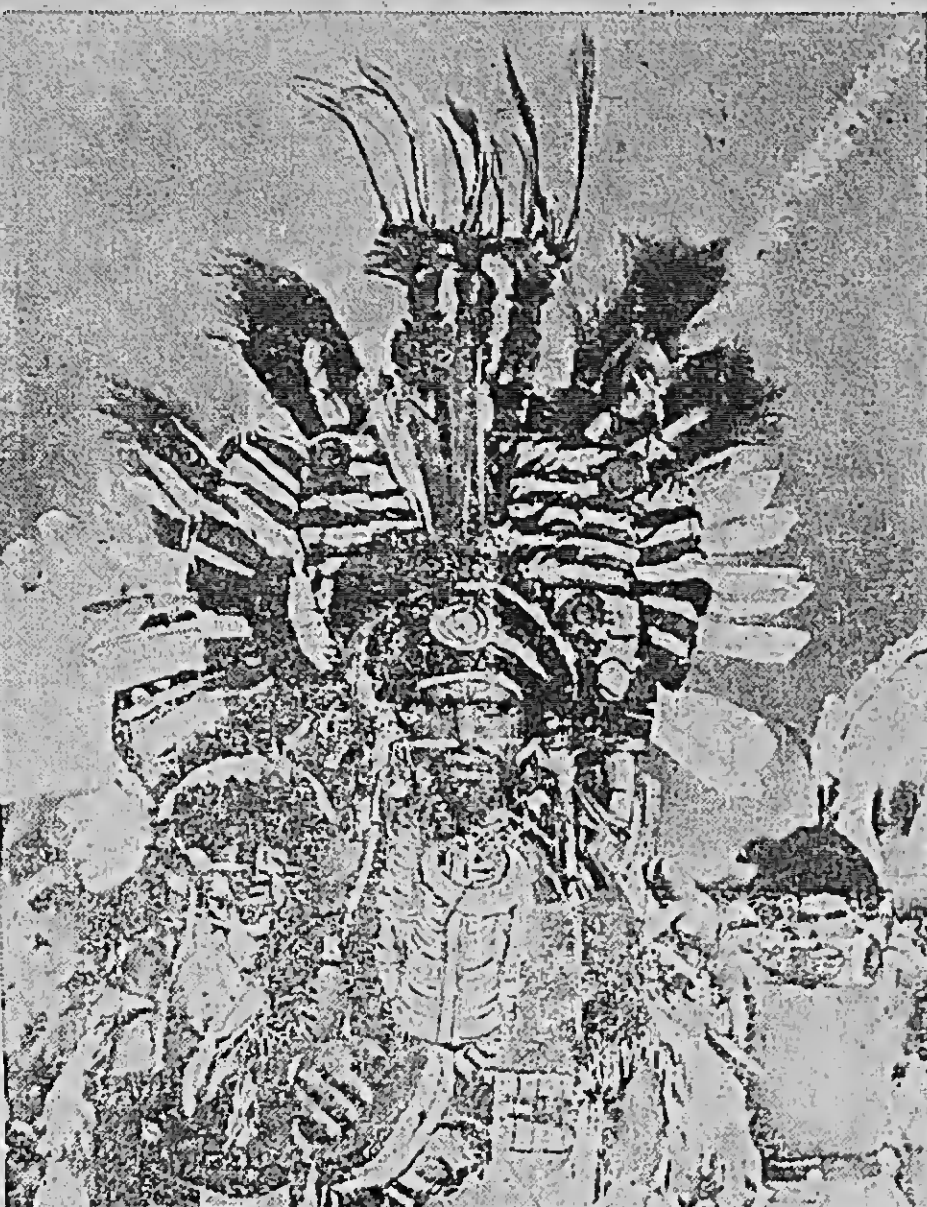

HAZARDOUS and strenuous as it is, mountain climbing is a pastime that is attracting to its ranks more and more Americans each year. The Sierra Club of California and The Mountaineers of Washington are two west coast alpine organizations whose contributions to the science of mountain climbing are of first-rate importance. Both of these alpine climbing societies as corporate bodies and through the activities of individual members have done considerable climbing in British Columbia which is regarded as the most fertile alpine climbing field in North America. Twenty-three times as large as Switzerland and with as many mountains per square mile British Columbia is, therefore, just that many times as good as the most famous mountain climbing section of Europe and whereas nearly all of the peaks in Switzerland have been scaled and none is unnamed, there are thousands of mountains in British Columbia which have neither been climbed nor named. Among the well-organized mountaineering areas in British Columbia are the provincial and national parks, a few of which are shown in the sketch map above. The layout illustrates a few alpinists in action in these areas.

Well-Dressed Man—in Papua!

IN PAPUA, near Borneo, men dress up in very fine feathers and women do all the hard work. This magnificent headdress, worn by the island chief who allowed himself to be photographed by a white man's "magic box" for the first time, is made of bird of paradise feathers. For women, in Papua, they are taboo. Based on plumage values, it is probably the most valuable hat in the world—worth over \$2,000!

Homemade Strawberry Spreads With the Ripe Fruit Flavor

GATHER your strawberries while they may from gardens, fruit stalls, market places—and turn

them into jelly! These short-bell recipes give you a spread that tastes exactly like sun-ripened fruit—follow directions exactly for a perfect product every time.

Ripe Strawberry Jelly
4 cups (2 lbs.) strawberry juice
2 tablespoons lemon juice
8 cups (3½ lbs.) sugar
1 bottle fruit pectin

To prepare juice, grind or crush thoroughly about 3 quarts fully ripe berries. Place fruit in jelly cloth or bag and squeeze out juice. Squeeze and strain juice from 1 medium lemon.

Measure sugar and fruit juices into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard ½ minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at

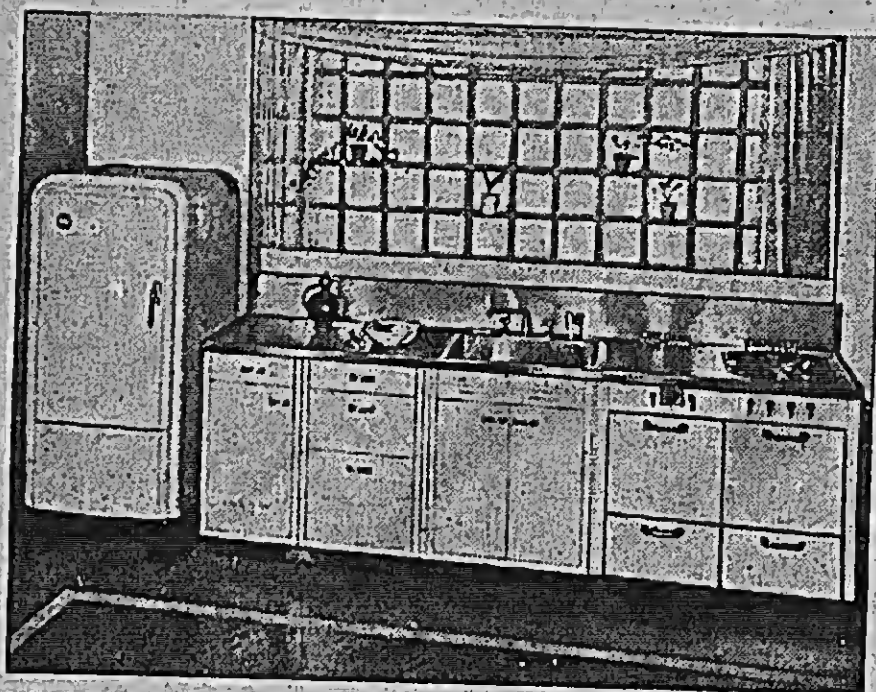

once. Makes about 12 glasses (6 fluid ounces each).

Ripe Strawberry Jam
4 cups (2 lbs.) prepared fruit
½ cup (2½ lbs.) sugar
1 box powdered fruit pectin

To prepare fruit, grind about 2 quarts fully ripe berries, or crush completely one layer at a time so that each berry is reduced to a pulp. Measure sugar into dry dish and set aside until needed. Measure prepared fruit into a 6- to 8-quart kettle, filling up last cup or fraction of cup with water if necessary; place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. (To reduce foaming, ¼ teaspoon butter may be added.) Continue stirring, bring to a full rolling boil, and boil hard 1 minute. Remove from fire, skim, pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

An Aristocrat in Kitchens

THE unit idea is making rapid progress in kitchen equipment. Here's a new sink and gas range united by one smooth unbroken surface of gleaming metal. Note that the top is extended into a backguard without crack or crevice, and the unit fits flat against the wall. The refrigerator lines up nicely because it has a matching recessed base in black to contrast with the white enamel and silvery metal.

Durable? Amazingly so. Water from the sink cannot rust the unit top; hot pans taken from the gas range leave no marks, and the metal neither chips nor cracks. That means years and years of hard daily use and enduring beauty.

This unit comes in two sizes—108 inches long with a standard size gas range; 72 inches long with a kitchenette size four-burner range. And you may have it with the refrigerator included in the unit.

HICKORY

Mrs. J. W. Gilson of Valdez, Alaska, spent a few days of this week at the home of her cousin, Mrs. William D. Thompson.

Mr. and Mrs. Andersen and children of Chicago were Sunday afternoon visitors at the Nels Nielsen home.

Mr. and Mrs. Robert Robbins of Chicago visited the W. D. Thompson and H. A. Tillotson homes Sunday afternoon and evening.

Mr. and Mrs. Will Thompson and Helen and Mrs. J. Pickles visited the Wilbur Hunter family at Mundelein Sunday morning.

Mr. and Mrs. Allen Holberg and children and his brother and family from Chicago visited the Hugo Gusarsen family Sunday.

Mr. and Mrs. H. A. Tillotson and Mrs. Gilson drove to Delavan, Wis., Tuesday afternoon and visited Cary Tillotson.

Mrs. Andrew Pedersen of Waukegan spent Sunday with Mrs. Nettie Wells.

Mr. and Mrs. Curtis Wells visited Mr. and Mrs. Charlie Trux at Greenvood, Ill., on Sunday.

Mrs. Curtis Wells and Mrs. Austin Savage visited the Veterans Bureau at North Chicago last Thursday afternoon on Hospital Day.

Found Long Lost Orchid.
Once one of the rarest orchids in the world, the Cypripedium, or Venus' foot—known to gardeners as lady's slipper—dwindled in numbers to such an extent that at one time there was only one specimen known to be in existence in the Western hemisphere. No one knew where the original collector had stumbled across the rarity, and a London firm offered 1,000 pounds for a specimen of the "lost" orchid. After a lapse of years a civil engineer working in Nepal came across the long-sought bloom growing profusely in the tropical jungle. He sent a number of plants to England, where they grew on a flourish.

Trees Manufacture Own Food
The food on which a dormant tree feeds, and which causes it to grow is manufactured in the summer. The mineral salts from the ground are transformed in the leaves, which become food factories through the action of air and light. Part of this reserve food is stored in stems, limbs, trunk and roots. In the winter this reserve is drawn upon to sustain life in the cells.

Jud Tunkins Saying
Jud Tunkins says he admires a man with a good opinion of himself if he honestly tries to live up to it.

Did You Ever Try These Recipes? Do, Please

ASPARAGUS AND PEAS

These two prize vegetables merit care in cooking to have them at their very best.

A good and simple method, with asparagus is to cut off the tough ends, and wash by immersion in a large pan of cold water. Gather stalks together and tie as in the original bunch. Stand on the stem end in a deep kettle with boiling water only half way up. If you have no kettle deep enough, place in a shallow kettle and cover tightly with a deep pan that will clear the top of the bunch. The object is to have the tougher part really boil, while the tender tips only steam.

If the asparagus is designed for cold service, marinate with French dressing while hot, then chill thoroughly.

New peas should be put to cook in unsalted boiling water. Use very little water, adding fresh boiling water if there is danger of burning. Add a little salt when peas are partly cooked. When they are about done, put in a chunk of butter and shake gently over the blaze until the butter is melted all through them and the water practically boiled away.

STRAWBERRY PIE

Fill a cooked pastry shell with the following: Blend 1 tablespoonful of cornstarch, 2 tablespoonfuls flour and a pinch of salt. You will want a pint of milk. Take a little of it to mix the dry ingredients to a paste, then add the rest, also ¼ cup of sugar. Cook this in a double boiler till it thickens. Then stir in a half tablespoonful of butter. Let the mixture cool and then stir in a scant quart of hulled berries cut in halves. After putting into the pie shell

cover with a thick meringue and brown slowly in a moderate oven. Cool and serve.

JELLIED RHUBARB

Make a prepared gelatine (any desired flavor). For half the water substitute stewed rhubarb. Add also a few halved and sugared strawberries. Turn into individual moulds. Unmould on small plates and garnish with a few berries with the hulls on.

"Fried Egg" Salad

Lay a slice of canned pineapple upon a little bed of lettuce. Over the center of it lay half of a canned peach, round side up. Pipe whipped cream all around the peach "yolk" to represent the "white" of the egg.

Try These Short Cuts

See to it that linen is kept in a closet that is dry but not hot. It is good to use old sheets to cover the various shelves of snowy linen, no matter how immaculate your linen closet may be.

Stockings for children will feel more comfortable and wear better if bought a half size larger than the foot.

In cleaning woodwork, no soap is needed if one teaspoon of soda is added to a pail of water.

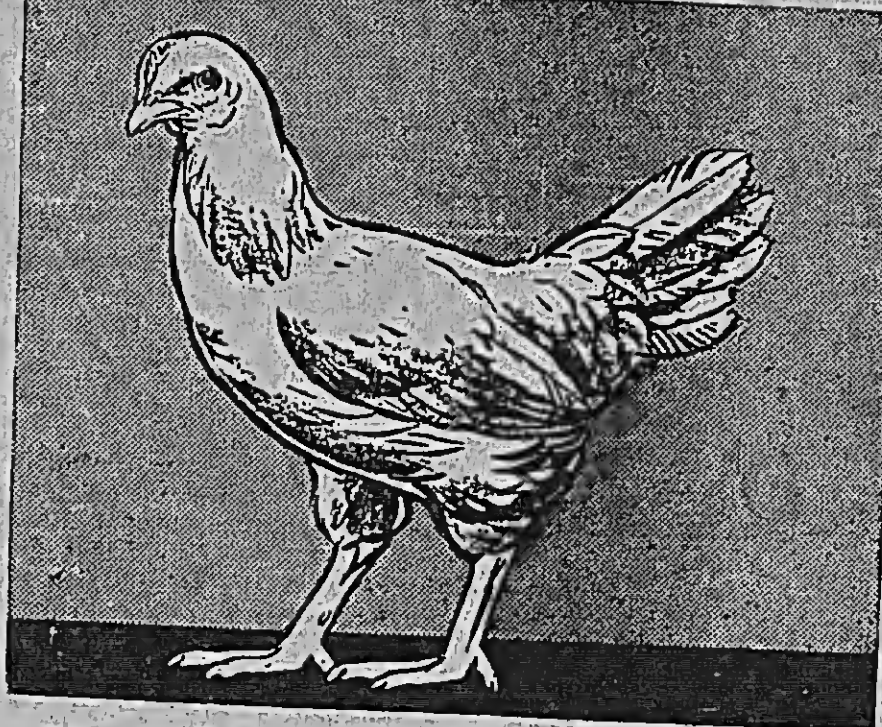

Cut basting threads every few inches so that you do not have to pull a very long thread at one time. In removing basting threads, if long threads are pulled, they are apt to leave holes in the material.

Signal Horn From Tusk

An elephant or olifant was the large signal horn of the Middle Ages, made, as its name indicates, from the tusk of an elephant. It was the instrument of knights and men of high degree and its loss in battle was considered as shameful as the loss of sword or banner.

Fish Lay Many Eggs

Edible fish lay between 250,000 and 7,000,000 eggs yearly.

Have Chicks Like This at Six Weeks!

EVERY healthy baby chick has the capacity to grow into a big sturdy bird at 6 weeks. Whether or not they develop to the utmost of their ability depends on you.

When you feed chicks on untried and untested feeds, you get uncertain results at 6 weeks. But if you feed your chicks on Purina Startena, then you know that you are bringing out the very best that breeding put into them. At 6 weeks you have big-framed, sturdy birds, well-developed and well-feathered. There's no comparison between them and chicks fed on ordinary feeds.

Start your chicks on Startena—grow them on Growena. You'll have sturdy chicks at six weeks—you'll have big money-making pullets at 3 months. See us today for your supply of Startena and Growena!

AUTOMATIC GAS WATER HEATING

GET YOUR MONEY'S WORTH—
Get an Automatic Gas Water Heater Now!
NEW LOW OPERATING COSTS!

● Sing a song of cheer! The new low cost of automatic gas water heating makes it possible to have hot water day and night, winter and summer, in kitchen, bath and laundry—without worry or bother—at an average cost of only two or three pennies a day for each member of the family.

Makes So-Called "Cheap" Methods Expensive

These low operating costs actually make old-fashioned heating methods unnecessarily expensive, considering what you get for your money. And this includes the furnace coil that might seem to cost little but which impairs the efficiency of your heating plant and runs up higher fuel costs. So we say—Get your money's worth—get an Automatic Gas Water Heater NOW!

JOIN THE *Swing* TO
AUTOMATIC GAS WATER HEATING!

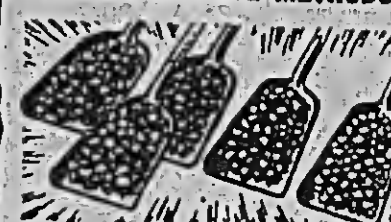

Other dealers are also featuring liberal offers on Automatic Gas Water Heaters. See them now!

SPECIAL!
THREE MONTHS' TRIAL OFFER
(Limited time only)
\$1.50 DOWN

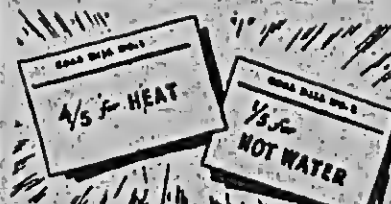

Up to 48 months to pay balance on your Gas Service bill.
\$10.00 Allowance for your old furnace coil, side-arm or cast-iron heater.
\$10.00 Installation Allowance.
Offers apply only to Automatic Gas Water Heaters having a cash price of \$60 or more, (not including installation.)

PUBLIC SERVICE COMPANY
OF NORTHERN ILLINOIS

THE HIGH COST OF SO-CALLED "CHEAP" WATER HEATING METHODS

Your furnace coil gobbles up ONE shovel of coal out of every FIVE.

1/5 of your coal bill goes for heating water the furnace coil way.

Service is poor when water heating is left to chance... water is sometimes dangerously hot—other times unacceptably lukewarm.

Other methods require attention and work. Why run up and down stairs or wait for water to heat when automatic gas water heating service costs so little?

Byron Wrote Speedily
 Lord Byron, the English poet, was one of those fortunate beings to whom genius came easily, and was therefore little appreciated. He wrote the book, "The Corsair," in 10 days, the "Bride of Abydos" in four days, and another while undressing after balls and masquerades.

Speed of the Moon
 The moon travels over our heads at a rate of approximately 2,300 miles an hour.

Elective System in Education
 The elective system in education was devised and developed by Charles W. Eliot of Harvard.

Soviets of Russia
 The Soviets in Russia first came into existence in the revolution of 1905.

Marine Sunfish Fast Grower
 The marine sunfish (Mola mola) surpasses all other animals in its ability to grow. Although smaller than the head of a carpet tack when born, says Collier's Weekly, it has been known to tip the scales at 1,500 pounds when matured, or 60,000,000 times heavier than its original birth weight.

Naming Tulane University
 Tulane university in New Orleans is named for Paul Tulane, for many years a merchant of New Orleans, who gave generously for the higher education of young people in that city.

Queen of Sheba Was a Semite
 Sheba is the name of an ancient country in South Arabia, and the queen of Sheba was a Semite, as the modern Arabs are.
